

# How to Safely Navigate a Roundabout

What you need to know!

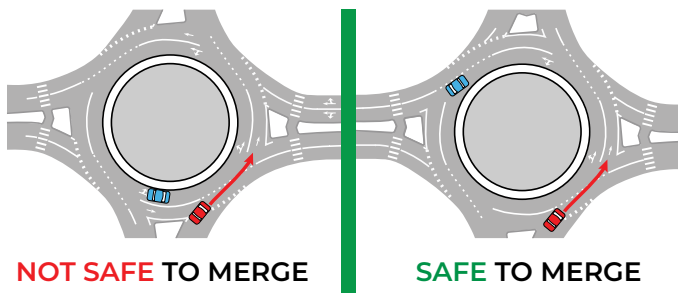

# WHAT IS A ROUNDABOUT?

A roundabout is a circular intersection that has no traffic signal. Vehicles flow around a center island and must not stop.

## HERE'S WHAT YOU NEED TO KNOW

First yield, then you should merge into the roundabout when there is a safe gap in traffic.

## IF YOU ARE

**GOING STRAIGHT THROUGH**  
Use either lane

**TURNING LEFT**  
Use inner lane

**TURNING RIGHT**  
Use outer lane
